Error correction system in a teletext system - US Patent 4672612 ...

An error **correction** system comprising (a) a buffer **memory** (19) for storing an ... error **correction** circuit, and an address **signal** from an **external** circuit, ...

www.patentstorm.us/patents/4672612/claims.html

Method for automatically setting up a television camera - US ...

A method as claimed in claim 1, further comprising the step of temporarily storing the **external** test pattern **correction signal** in an auxiliary **memory**. ...
